Walpole, MA 02081

Assessor's Office
Personal Property – Business Closed/Moved

Please note that there is no provision in MA Personal Property Tax Law for pro-rating the personal property tax. If a business has taxable personal property assets in place on the assessment date (January 1st) for a given fiscal year, the business owes the personal property tax for the entire year.

For Example: The fiscal year runs from July 1st-June 30th. The Assessment Date is January 1st. Even if the business closes on January 15th, the business is still responsible for paying all personal property tax bills issued for the fiscal year.
